

Static typing exercise

September 17, 2024

1 Static typing exercise

1. From <https://openend.se/~jacob/rs> download **tree_traversal.py**
2. Download and install **uv** on your virtual machine
3. Download **mypy** and **pyright** to your virtual machine using **uv**
4. Add static typing to **tree_traversal.py**
5. Check typing with **mypy** and **pyright**
6. Look at how **pycharm** interactively works with types
